

PAYMENT OPTIONS

Below is a list of the available payment plans offered by PhlebotomyU.

Please note that some discounts may not be applicable should you proceed with a Payment Plan.

1. We can offer interest free weekly payments while you are enrolled in the class. After you have registered for the course and have paid the \$250 non-refundable registration fee, we will divide the remaining balance over the 5 or 9 weeks of class, depending on which class you choose to enroll in.
The payment will be due on the first day of each week and the course will be paid off by your last week of class.

For example, if you are enrolling for the Phlebotomy Full Course:

- For the **Weekday Class** (5 weeks), the minimum weekly installment will be \$530, due on the **first Monday** of each week you have class
2. We can also offer interest free weekly minimum payments of \$100 while you are enrolled in the class.
 - To qualify for this plan, you must deposit a minimum of \$1,250, which includes the \$250 non-refundable registration fee, before you can enroll in the Phlebotomy Training Course.
 - Once enrolled, you must make minimum weekly payments of \$100, starting on the first day of class, until you have paid the course off in full.
 - Students must enroll in automatic recurring payments in order to utilize this option.
 - Pending that you are current on your payments, we will allow you to sit for the National Exam and go on your clinical externship before the course has been paid off. However, we will withhold your completion documents and certificates until the course has been paid in full.

Our program is too small and does not qualify for federal financial aid. However, we do work with certain third-party payers that can offer financial assistance. Some organizations that we have worked with in the past include: MyCAA for military spouses, Veterans Village of San Diego, Worker's Comp and Department of Rehabilitation. You will need to contact these organizations directly to see if you qualify for their financial assistance.

If you have a different third-party payer that is offering you financial assistance, please put them in contact with us and we will see if we can work with them.
